A) What worked well, and will be continued:

- Group Cohesiveness
- Visual whiteboard use
- Long Weekend meetings
- Everyone pulling own weight

B) What was problematic and will be changed:

- User stories too general, implement "Unit Test"-like implementation/guidelines

C) New Implementations:

- Live web-hosting
- More Sprint II GUI development
- Pair-programming
- Test code for bugs before passing onto group
- More specific user stories
- Login/out page for website
